

### REMARKS

Claims 2-44 remain pending in the present application. Claim 1 is canceled herein. Claims 2-3, 5-6, 9-14 and 31-44 are amended herein. No new matter has been added.

The Examiner has indicated that Claims 16-30 are allowable. Applicants wish to thank the Examiner for allowing Claims 16-30.

The Examiner has further indicated that Claims 31-44 would be allowable if rewritten to overcome the rejections under 35 U.S.C. § 101.

Applicants have amended Claims 31-44 herein to include the feature “non-transitory computer-readable medium” thereby overcoming the rejection under 35 U.S.C. § 101. As such, Applicants respectfully submit Claims 31-44 are in condition for allowance.

The Examiner has also indicated that Claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the features of the base claim and any intervening Claims.

Applicants have amended Claim 6 herein to be in condition for allowance as stated by the Examiner in the present Office Action. Specifically, Applicants have amended now Independent Claim 6 to include the features of Claim 6 and the previous base Claim 1.

Further, Claim 1 has been canceled and Claims 2-5 and 7-15 are now dependent on allowable Independent Claim 6.

As such, Applicants respectfully submit that the present Application includes no contested Claims and therefore respectfully request issuance of allowable Claims 2-44.

Claim Rejections - 35 U.S.C. §101

In the Office Action, Claims 31-44 are rejected under 35 U.S.C. §101 “because the claimed invention is not limited to statutory subject matter.”
